

Focus of the week: Appropriate Language

I know that the way I speak to teachers and classmates is important, and I should always try to use kind words.

I should say “Please” and “Thank you” when I’ve asked for something

Saying “Good Morning!” can put a smile on someone's face.

“Excuse me” will let people know that I need their attention

Saying “I’m Sorry” can help everyone feel better

My teachers at Bridge Road will remind me to use appropriate language. I know I can do it, it just takes practice!
