July 18

Dear Parents/Carers

Welcome to Term 3.

The children have settled well on their return to school. Some children have changed classes and all appear to be happy with their new teachers.

The school today is buzzing! - alive with engaged students in both the classrooms and the playground. It is great to observe the younger children involved in team games of soccer and playing cooperatively with one another.

## School programs

This term we continue with breakfast, our academic and social/behaviour programs, daily fitness, computer lab classes with Ali, visual arts with Luanne and drumming/music/dance with Lee and Sergio.

We are most fortunate this term to retain the assistance of Christine, a specialist reading teacher, from the Quality Teaching unit. Christine spends Wednesdays with staff and students busily supporting the literacy programs - Christine's work with us is much appreciated.

As part of our fitness program, on Tuesdays this term, from week 4 to week 11, there will be specialist AFL coaching.

## Congratulations Josh!

I have nominated Joshua Buchanan for a 2012 Deadly Kids - Doing Well Award.

This is an award ceremony for aboriginal students in Sydney Region. Josh is progressing well at our school and is making a real effort to learn and be friendly and cooperative.

I know that there are other children who would love one of these awards - we have another 3 weeks before nominations close! Our eyes and ears will be wide open...

Kind Regards  
Jackie Sutton
