Dear Parents/Carers

Currently we are renovating the interior of our cottage - plastering damaged walls, painting and new floor coverings. Next year we will have a wonderful "new" space for breakfast each morning and for other school activities.

The children had a most enjoyable Christmas BBQ yesterday.

We had a remarkable "Books in Homes" end of year assembly last week - Tony Flowers, a well - respected Australian illustrator, visited to present books to the students - he did much more than that - he thoroughly entertained students and staff with his wonderful, often humorous sketches which he later signed and gave to the school. Some photos have been posted on the school's website.

In Term 1, early March, we have another swim school scheduled at Victoria Park Pool - this term's program proved to be most successful.

Thank you for supporting our students and school during 2012 - the staff at the school wishes everyone a safe and happy Christmas holiday break.

School resumes on Wednesday, January 30, 2013.

Happy Christmas
Jackie
